

Response from States / UTs on IPAI Reports

The Institute of Public Auditors of India (IPAI) have conducted the concurrent financial review and monitoring of implementation of SSA in the States / UTs. All the 35 reports of phase-I & phase II study have been shared with the States / UTs for taking appropriate action on the observations of IPAI.

Follow up action on IPAI observations is being taken by MHRD in consultation with the States. Till each and every para is satisfactorily settled, the report is considered as outstanding. Though the matter is under active correspondence with the States, only 15 IPAI reports of Phase-I have been settled. As regards phase-II study, all the 35 reports remain unsettled for want of satisfactory response from the States.
